Andrew Spencer

Hello, I'm Andrew, a creative problem solver who works at the intersection of design and code.

I craft digital experiences with thoughtful UX; beautiful design; and semantic, accessible frontend code.

Work Experience

Frontend Designer
Sparkbox / *web agency* **/** Sept. 2016–present / Dayton, OH

Consulted as a designer who codes, helping clients ship everything from digital products and design systems to marketing and e-commerce sites while bridging design and development teams.

Provided expertise in UI design, animation, accessibility, HTML, and CSS while balancing multiple clients and helping them solve user and business problems.

Web Design Apprentice
Sparkbox / *web agency* **/** June 2016–Sept. 2016 / Dayton, OH

Learned best practices from an industry-leading team of web design and development professionals.

Built responsive, semantic, and accessible websites using HTML, SASS, and Git.

Marketing Director
Student Government at Cedarville University / 2015–2016 / Cedarville, OH

Managed and gave creative direction to a team of nine designers who executed marketing campaigns for 20 campus events and programs.

Balanced creative design concepts with tight financial constraints while working across digital, print, and social touchpoints.

Design Intern
Kronos Incorporated / *workforce management company* / Summer 2015 / Chelmsford, MA

Created and pitched brand design concepts for corporate events to executives.

Improved brand consistency by redesigning over 200 icons for digital products.

Design Intern
Athletes In Action / *sports based non-profit* **/** Summer 2014 / Xenia, OH

Considered a diverse, international audience while working on a variety of branding and design projects.

Met tight deadlines and balanced multiple design projects.
